Jin Technologies

Private Limited

APP DEVELOPMENT AND SOFTWARE SOLUTION PROVIDER

In the industry since 1991

OUR COMPANY

Jin Technologies Private Limited is a Pakistani company that specializes in web application development and software services. Since 1991, we have been working with clients across four continents as a software development outsourcing partner.

Over Three Decades of Global Experience

35
YEARS & BEYOND

Our consistent innovation has positioned us on the forefront

04
CONTINENTS

We've developed custom solutions for clients across four continents

90+
EMPLOYEES

Our diverse team provides a wide range of capabilities

WHY US?

PROVEN TRACK RECORD
We have successfully delivered 100,000s of hours of software development projects.

ADAPTABILITY
In many cases we 'inherit' projects done by other teams, and then perfect them.

COMMUNICATION
Clarity is a key focus in our questionnaires and requirement gathering process.

NO ADVANCE PAYMENT
Instead of a mobilization advance and payments against milestones achieved, work starts without any advance payment.

HOURLY BILLING MODEL
All of our projects are invoiced on an hourly basis, at an agreed hourly rate.

EXCEEDING EXPECTATIONS
We take pride in the work we do, benefitting from our ideas and expertise.

OUR TEAM

We have a team of highly skilled and experienced professionals, possessing business-domain knowledge and technology competence. Our team consists of highly trained and motivated professionals constantly working together on projects that help our clients achieve their goals efficiently.

OUR CLIENTS & PRODUCTS

Equestrian Sport Events Management Platform

Developed a scalable system to handle events of all magnitudes providing on-demand video streaming with dynamic visuals, hotel management, IoT integration, website management, and event ticketing system.
